

The Weiser School District is dedicated to the education of young citizens by providing educational experiences appropriate to students' individual needs and by providing professionally competent personnel to deliver the educational program of the District.

The primary responsibility of the schools is to contribute to the development of worthy citizens under the democratic system of government prevalent in this country. The school as an educational institution is provided by society as a means of propagating the fundamental concepts of American Democracy and preparing students for successful participation in this society. By the very nature of our belief in the worth and dignity of man, the Board of Trustees of Weiser School District 431 bear the responsibility for utilizing the available resources to promote maximum growth and development of individual students served by our schools.

The School District has a shared responsibility with the family and the community for the development of moral and ethical values of children. The District will strive to provide students with situations and experiences which will enable students to grow academically and socially.

The Weiser School District attempts to offer equal educational opportunity for all students which may require providing a varied and flexible curriculum for students possessing divergent backgrounds, interests, and abilities so that each student can achieve optimum growth toward the realization of his/her fullest potential. When feasible, special curricular provisions and student placements may be required in order to accomplish these goals.

The Board of Trustees recognizes that the student will learn best in a positive learning environment.

The District will continuously evaluate its programs and processes so that the educational program provided by the Weiser School District will continue to be dynamic. The teaching staff is expected to remain vigilant in order to assure that the educational program assists students to grow in their ability to function and learn independently.

VISION

It is the vision of the Weiser School District to be the highest achieving rural school district in Idaho.

MISSION

It is the mission of the Weiser School District to promote high achievement and responsible citizenship.

BELIEFS

We believe student achievement can best be accomplished by:

- Aligning standards-based curriculum with age and developmentally appropriate instruction and assessments to provide a comprehensive and challenging educational program for students.
- Using assessment results to inform instruction and provide relevant and meaningful feedback to students and teachers.
- Setting high academic standards for all, regardless of circumstances and providing them the necessary supports to be successful.
- Developing a highly trained and motivated staff that works together to promote the highest possible levels of student achievement.
- Staff members accepting responsibility for being the most important factor in student learning and achievement.
- Creating and maintaining a positive and safe environment that recognizes and rewards academic accomplishment and growth.

GOALS

1. Develop, implement, and evaluate the effectiveness of the district's curriculum, instruction, and assessments in promoting student achievement.
2. Develop and maintain a highly trained and motivated staff that working together will set high academic expectations for all students, regardless of circumstances.
3. Ensure that all members of the learning community are provided a respectful learning environment where all members feel safe: socially, emotionally, intellectually, and physically.
4. Provide challenging opportunities and encouragement for students in every grade to achieve their highest potential.
